Elation Introduces Design Wash LED PRO

The new Design Wash LED PRO from Elation Professional is a high output, moving LED head that combines smooth RGB+W color mixing, very fast speed and impressive brightness in a compact package that fits neatly into tight spaces—and tight budgets.

The Design Wash LED PRO is great for theatrical applications that call for dramatic movement and a sense of excitement. A fully automated moving head, it delivers a 180-watt output. [READ MORE](#)

Koala Kare Baby Changing Station Offers Increased Stability, Comfort

Koala Kare Products introduces its re-engineered, re-designed KB200 Baby Changing Station. Features include new contemporary design and the Bear-of-a-Chassis, able to hold 200-pounds. Engineered to provide virtually no deflection, the KB200 substantially improves safety and peace-of-mind. [READ MORE](#)

Honeywell Detector and Module Series Enhances Fire Protection

Silent Knight by Honeywell introduces a new series of addressable devices, compatible with its IntelliKnight fire alarm control panels. The new "SK" series of sensors manufactured by Honeywell's System Sensor allow for increased system capacity and reduced installation time. [READ MORE](#)
